Our camp-side has modern sanitary facilities with warm water on every faucet. The washrooms and toilets are heated during the cold season. We're sorry, but we don't have a special disable toilet and shower for persons in a wheelchair. Furthermore is on the place a self-service-shop, a restaurant with good home cooking, Wireless-Lan for Internet and a small playground for young guests.

A outdoor heated swimming-pool is on the other side of the lovely river Mosel (just to cross the bridge or by a ferry.)

Possibilities for aquatics can be found very next the place. (waterskiing, windsurfing, sailing and fishing.)

If interesting, we can organize for groups a sightseeing on a winefarm with tasting wines and we can also manage shipping tours on the moselle for groups.
